

本人（吴宜榛）于 97 年 5 月罹患红斑性狼疮，日服类固醇药物 5 粒导致身体肿胀变形。经使用人参粉 15 个月后，药物由逐渐减少到停止服药，至今已服用人参粉 5 年多。好转期间曾有：关节疼痛 45 天、发高烧 42 度、气喘 2 天、咳嗽 1 周等等，过后身体疾病也逐渐改善。

My name is Wu Yin Qing (Translated). I was diagnosed with Systemic Lupus Erythematosus on May 1997.

My daily dose of 5 pills that consists of Corticosteroids had rendered the change of my body size. Upon using the Ginseng product, I had able to reduce the intake of my medication gradually. My overall fitness and health level was improving since.
