

美国一名爱滋病及胸肺科专家 Dr. EARL.C.STITES，7年前严重中风、失忆和行动不便。美国政府历年来花了超过 130 万美金为他治疗，亦没有太大疗效。直到服用产品，不到半年，已经行动自如、回复记忆，可以再做研究工作，造福社会。这个个案令整个西方医学界震惊不已。而他在 04 年 1 月 26 日特意由美国飞到台湾感谢产品的发明人；旁为香港的分销经理雷佩秀女士相中后面为台南总公司。

Dr. Earl Stites is a HIV specialist. He was diagnosed with stroke seven years ago and thus lost his physical mobility. The US Government had spent a total of 1.3 million dollar in treating him but with no significant improvement.

Not until Dr. Earl Stites started to use the Ginseng product, he re-gained his mobility and considerable fitness within six months. He was able to resume his research. His testimonial had shocked the medical world!
